Seventy-Fourth Year No. 49 — Upland, California, Wednesday, February 12, 1969 — 36 Pages — Ten Cents

NEW FIRE HEADQUARTERS -- Engineer Ed Larned, backs a fire engine into one of the bays in the new fire headquarters located in the civic center. Dedication ceremonies for the new building and for the new library, will be held Sat., Feb. 15, at 3 p.m., in the Fire Headquarters.

LIBRARY DEDICATION -- The new library building, which is part of the Civic Center being built in Upland, will be dedicated along with the new Fire Headquarters, Sat., Feb. 15, at 3 p.m., in the Fire Headquarters building.

Ceremony Sat. At 3

Civic Center Dedication Friday-Saturday

The City of Upland will fulfill a dream of long-standing this weekend with the dedication of a new library and a fire department -- the major initial steps in creation of a Civic Center.

Formal dedicatory services will be held Saturday at 3 p.m. at the entrance of the new fire department building, a few feet south of Arrow highway on Second street with Eugene Nesbit, former state senator, as special guest speaker.

Preliminary plans for the two new edifices were made years ago with special council and community committees studying sites and plans. It was finally agreed to keep the complex in the center of the city -- rather than to an area north of Foothill blvd.

Virtually all of the members of the present council including Mayor George Gibson, Councilman Max Hawkins, Ronald Rossitter and Councilwoman Zella Stone have been in on the planning, and development from the beginning along with other city committees.

The city's library and fire department facilities have been inadequate for several decades --a part of the pressure on the fire department was alleviated with a new substation north of Foothill earlier in the 1960's.

All members of the council will be participating in the dedicatory services with Mayor George Gibson serving as master of ceremonies. Councilman James Christensen who served as mayor at the time the contracts were let, will give the welcome.

Councilwoman Zella Stone will introduce sister city guests from Caborca, Mexico who will be present for the occasion.

Responses will be given by Councilman Ronald Rossitter, mayor pro tem and a member of the library board, while Councilman Max Hawkins, chairman of the police and fire committees will also respond.

Actually, the festivities will get underway Friday evening with a gala fiesta in the downtown mall including entertainment in the kiosk and strolling mariacha bands. This event is in charge of the downtown merchants.

The old fire building will be used as a teen center and the library building will be utilized to take pressure off the city hall offices. Tentatively, it is understood that the City Manager's office and perhaps the purchasing department and some planning activities will be shifted to that building.

Numerous service and youth groups will take part in the ceremonies including the Boy Scouts, Cub Scouts, Explorer Scouts, Girl Scouts, Old Baldy Council, Spanish Trails Council, Teen Club, and the Native Daughters of the Golden West who will make presentation of the California flag.

Following the ceremony a tour of the buildings will be conducted by guides and members of the city staff.

Three Day Fiesta And Dedication, Too

A fun-filled, three day Fiesta, featuring free entertainment for the entire family, Thursday, Friday, Saturday, February 13-14-15, gets into full festive fling Thursday, at 11:00 a.m., on Upland's Town Center Concourse, with the serving of 1000 free cup cakes and coffee to Concourse visitors, John Meyer, President, Upland Town Center Merchant's Association announced.

Containing concealed identification, many cup cakes will be worth valuable gifts to many Concourse visitors. Totaling in excess of $500 value, the gifts, all donated by Upland Town Center Merchants, range from free hairstyling for milady to $25 in cash and are as varied and distinctive as the fine stores and family services in downtown Upland. Nearly 100 gifts have been donated by Upland merchants to date.

Served, amidst gay mariachi music and the tantalizing castinets of beauteous, sloe-eyed, dancing senoritas, the cake and coffee will be served on a first come, first serve basis, to children and adults, in front of the Upland Bakery, on Ninth street, at 11 a.m. Thursday.

Performing on stage, at the Kiosk, Friday evening and Saturday, will be famed Gilberto Melgar's Marimba Band, unique because the 8 members are all Melgars, father, daughters and sons. Pepe, age 7, on the drums, usually manages to steal the show. Renowned throughout Mexico and California the Melgar Marimba Band appeared recently at Olivera Street, Los Angeles, and on nation-wide telvision. The children's ages range from 6 to 16.

Dazzling Blanca Gonzalez, talented Mexican dancer and beauty queen, Miss East Los Angeles 1967, will also dance on stage at the Kiosk, and in several stores, Friday evening and Saturday afternoon.

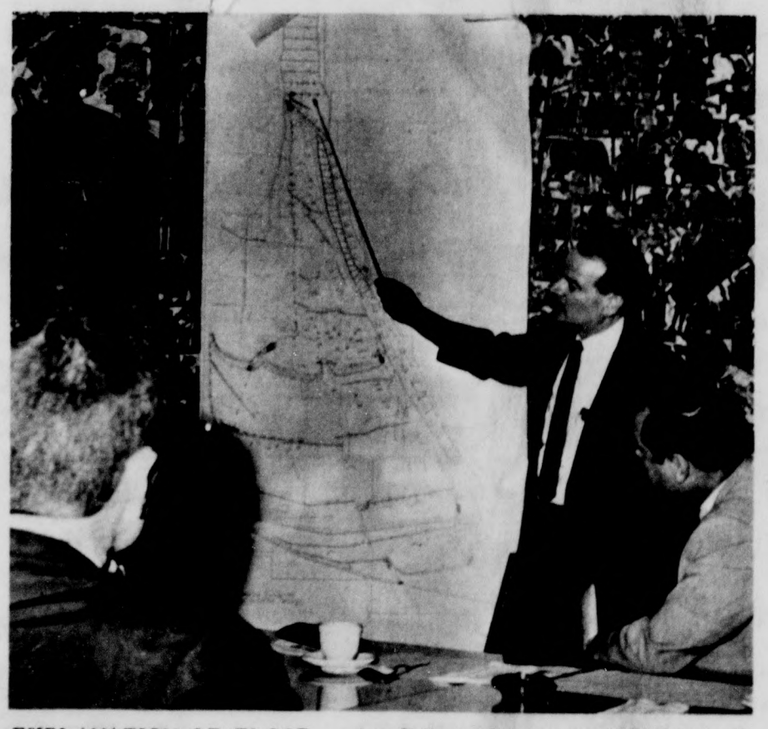

Clowns, a Magician, free Kiddie Rides, free Kartoon Theater, free gifts and balloons will provide giggle getting merriment for the children during the big three day fun-filled Fiesta, featuring free entertainment for the entire family.

On Thursday, from 11 a.m. until 5 p.m., Bee-Bee the Clown will conduct his free Kartoon Theater. Colored cartoons will be shown for children, ages 3 to 10, with free gifts and balloon animals for all the kids, and hourly between cartoon shows Bee-Bee will perform skits and play group games with the children.

For the children on Friday, Aristo the Magician, will conduct the Kartoon Theater from 11 a.m. to 5 p.m., with a magic show every hour and free gifts for the children. A Tinkertown train will provide free rides, throughout the Concourse, for the children, Friday and Saturday.

Local groups, comprised of square dancers, musicians, singers and fencers will also perform throughout the Concourse on Friday and Saturday.

MASS-MEDIA-DRUGS

The Upland Woman's Club who heard a report on mass media and dangerous drugs last December, have scheduled a followup at the club house, 590 N. Second ave., Thurs., Feb. 27, with members of the Police Dept. discussing the drug problem in Upland and a report by The Woman's Club on action taken by the club since the December meeting. The public is invited to attend.

TAX ELECTION

The Chamber of Commerce is sponsoring a luncheon meeting on the proposed high school district tax increase with speakers from the district explaining the need for the increase. This is an informational meeting and the public is invited to attend. It will be held Mon., Feb. 17, at the Upland Inn, at noon, with luncheon costing $1.75.

HATS OFF

To the Boy Scouts of America who are celebrating their 59th anniversary this week. There are four million boys in scouting, and many of America's leaders have been former Boy Scouts. Their theme is service to God, country and other people. Congratulations to all Boy Scouts everywhere, keep up the good work.

Park Bond Meeting Scheduled Feb. 18

The Parks and Recreation Committee is sponsoring an informational meeting on the Park Bond Issue, Tues., Feb. 18, 7:30 p.m., community room of the library.

Forces Dispersed

Nobody Claims Blame For January Floods

Wild waters from a flash flood seeking its own channels rather than man made ones, was one of the contributing factors in the breaking of the flood control dikes in Upland and the ravaging floods in Cucamonga.

This fact and others were brought out at a joint meeting between city and county officials at a meeting held Friday morning at the Stuft Shirt.

Art Sidler, county flood control district, displayed a map showing the Upland dikes and explained the reason for the enormous amount of water.

FLASH FLOODS

"Unlike the midwest or other parts of the country, in California we are subject to flash floods in the mountains, and when they come they are "wild waters, uncontrollable." There are 10 miles of creeks in the mountains and they go as high as 10,000 ft. When a sudden downpour comes as it did during the weekend of the emergency, these waters flash down the mountain side and have no respect for channels. This is what happened, a flash flood came down off the mountain and the wild water ate away the end of the dike and instead of going into man-made channels, it sought its own way.

TOO MUCH WATER

"In Upland it ran into the San Antonio Water collecting basins, but it was too much water for them and they kept spreading and creeping further down until they had reached the last dike. Fortunately, it stopped raining and that dike held. Not so in Cucamonga. The wild water rushed over the land at will with nothing to hold it."

WHO'S RESPONSIBLE

The questions were then raised by Councilman Ronald Rossitter, "Why didn't the dikes hold? Whose responsibility of maintenance of the flood control area is it? Who controls the flood gates? Who is in charge in time of a flood emergency? Where was the county when Upland needed them?"

Rossitter along with Councilman Max Hawkins was appointed by Mayor George Gibson, at the last council meeting, to hold a meeting with county officials on these questions.

Appearing at the Friday meeting besides the councilmen were: Elwin Alder, city manager; Fred Blanchard, city engineer; Ruben Ayala, chairman, county board of supervisors; Daniel Mikesell, county board of supervisors; Art Sidler, county flood control; Martin Nichols, county engineer; Henley, civil defense - disaster director; Charles Thomas, San Antonio Heights Water District; Capt. Donald Shepherd; and Inspector, Eugene Majors, Sheriff's Dept.

NOT FLOOD CONTROL

Besides the wild waters from a flash flood, the question of why the dikes didn't hold, county officials said this, under ordinary rains would have held. However, excessive water poured out of the canyons. These dikes are designed for collecting water for conservation purposes and not as flood control units. "They are a compromise at best. What is really needed to protect Upland and the area is a flood control dam made for that purpose and for which the federal money in the amount of 34 million dollars has been granted. However, target date for the project has not been set by the government.

The gates are first the responsibility of the San Antonio Water company and then during flooding conditions, they are county flood control's, and the water company had so informed the county flooding existed, county officials added.

As to why the City of Upland didn't get help, county officials said it was probably two-fold: 1) lack of communication due to the rapidly developing flood conditions and among the cooperating agencies 2) because there was so much flooding in San Bernardino county, equipment and men were spread thinly over the county.

"We sent you help as soon as we could," officials said.

Rain Ruin Area Lemon Crop

as high as 20 percent in some groves, the department said.

About 10 per cent of the lemon crop was harvested before the freeze and tests show that about 90 per cent of the unharvested fruit is severely damaged.

About 10 per cent of the state Valencia orange crop acreage is grown in the West End of San Bernardino County. The estimates show the Valencia orange crop was about 85 per cent damaged by the freeze.

Estimates of freeze and water rot to the grapefruit crop is about 20 per cent.

The department reported that water rot in all citrus districts and erosion of orchards and fields was evident and that flooding caused some loss to grains and alfalfa. But the rains helped leach harmful salts from the soil and dry land grains and pasture conditions showed improvements.

West End United Fund Goes Over Top

"The West End United Fund Drive has gone over the top", it was announced this past week by George W. Vinnedge, 1968 Drive Chairman. $363,551 has been collected to date--which represents $41,740 more than last year.

Mr. Vinnedge further added, "this is the first United Fund Drive to exceed the 100% mark since 1965, and he attributed this success to the excellent workers recruited, to the motivation, drive and enthusiasm possessed by the workers. The biggest factor involved was the enthusiasm of the givers--With many new contributors in addition to the former givers increasing amounts of their gifts, a substantial increase was realized over the total goal of $360,000."

Mr. Vinnedge urged the 9 communities throughout the West End United Fund area to join in the Annual Meeting to be held on Wednesday, January 30th, at noon at the Upland Inn. At this time, Mr. Vinnedge will present the final break-down of each division as well as present awards.

The twenty-four participating agencies who will share in the West End United Fund monies are: American Red Cross, American Social Health, Boys' Club of Upland, Boy Scouts of America, Camp Fire Girls, Children's Hospital, L. A., Chino Council of Social Services, Chino Neighborhood House, Epilepsy Society, Spanish Trails Girl Scout Council, Inland Area Urban League, Orthopaedic Hospital, Ontario-Pomona Assoc. for Retarded Children, Pomona Valley Hearing Society, San Antonio Community Dental Society, Salvation Army, Salvation Army Extension Service, San Bernardino County Council of Community Services, U.S.O., Visiting Nurse Association, West End Council of Community Services, West End Family Counseling Service, West End Legal Aid Society, and the YMCA.

Services Wed. For Tom Craig, Renowned Scientist, Artist

His first one-man art show was in San Diego in the '30s. Expert opinion that he was one of America's foremost water-colorists was proven when he won the Blair Prize in the International Water Color Show in Chicago shortly before World War II.

His widely recognized talents won him a Guggenheim Fellowship in Art just before the Second World War.

He returned to the United States from his studies when war was declared and was employed by the War Department as an artist-correspondent with LIFE magazine. He served in the Italian Theatre of War as an artist in the front lines.

After the war, Craig resumed his botanical activities, specializing in the development of new iris and daylilies and their genetics. He briefly resumed his art work, painting the widely acclaimed mural in the Barr Pavilion of the San Antonio Community hospital in Upland.

Private graveside services were held at Bellevue Cemetery, Ontario, Wednesday at 2:30, with arrangements in charge of Stone Funeral Home.

Survivors include his wife, Frances Craig of Escondido, three sons, Ivan, Pasadena; Kenyon and Thomas T. Craig II of Escondido; two daughters, Patricia and Frances, Escondido; three sisters, Mrs. Mary Craig McLellan, Upland; Mrs. Prentiss Couffer, Corona Del Mar; Mrs. Lowell Sumner, Palo Alto; one brother, Dr. John B. Craig.

Obituaries

Lt. Col C.F. King

Funeral services were held Tuesday at 2 p.m. at the Stone Funeral Home for Lt. Col. Charles Franklyn King, 61, of 297 Azure ct., Upland, who died Feb. 8 at Kaiser Foundation hospital.

Survivors include his wife, Florence, Upland; three sons, Charles King II, Upland; David Goodman, Sacramento; Lee Goodman, Fontana; four daughters, Mrs. Jerry Nichols, Mrs. Judith Toomey and Mrs. Irving Schlosser, Upland, and Mrs. Carmen D. Pinkston, Etiwanda.

Twenty-six grandchildren and 10 great grandchildren also survive, as do three sisters, Miss Mada King and Mrs. Raymond Fulton, Plainsville, Mass., and Mrs. Charles Handren, Taunton, Mass.

The Rev. J. Harold Headrock of the United First Methodist Church officiated and Upland Lodge No. 419 F.and A.M. conducted lodge rites. Interment will be in North Attleboro.

First Important Steps In New Civic Center

HANDY LOCKERS -- Engineers Dick Coale and Ed Larned of the Upland Fire Dept., put away their gear in the new lockers near the dormitory in the living section of the new Fire Headquarters. The lockers are roomy and gear may be grabbed up on a moments notice.

Upland Firemen will enjoy a "home away from home" in the living area of the new fire headquarters building.

Engineers Ed Larned and Dick Coale, made the grand tour and pronounced the new living area a "success."

The quarters located in the one section of the new fire station have a living room overlooking a patio, there is a U shaped tile kitchen with a shiny stove and double refrigerator and plenty of cupboard space with each man having his own cupboard. A dinette completes the living room section.

In the back is two dorms and an equipment room. One dorm has beds and a desk for the captains and the other is a larger dorm. Each room has its own temperature control so that the temperatures may be adjusted to the room.

The equipment room has lockers that all open one way and the firemen can get their gear in a hurry and all rooms have two doors for easy exit.

The men have acquired the old pool table used by the volunteer firemen group and will refurnish it.

The new quarters are an improvement over the old fire house which was built in 1915 and was fine for volunteer firemen but not suitable for 24 hour duty men.

Engineer Larned and Coale agreed that the new quarters will be a fireman's delight.

WE CAN COOK -- Engineers Dick Coale and Ed Larned of the Upland Fire Dept., try out the new kitchen in the living section of the new fire headquarters. Each man has his own food cupboard in the kitchen area.

FIRE CHIEF'S OFFICE -- Getting settled in his new office in the Fire Headquarters building is Fire Chief Leon Lamphear. The new building has living quarters, kitchen and patio for the men, equipment room and administrative offices.

ALL THE COMFORTS OF HOME -- Engineers Dick Coale and Ed Larned of the Upland Fire Dept., try out the furniture in the living section of the new fire headquarters.

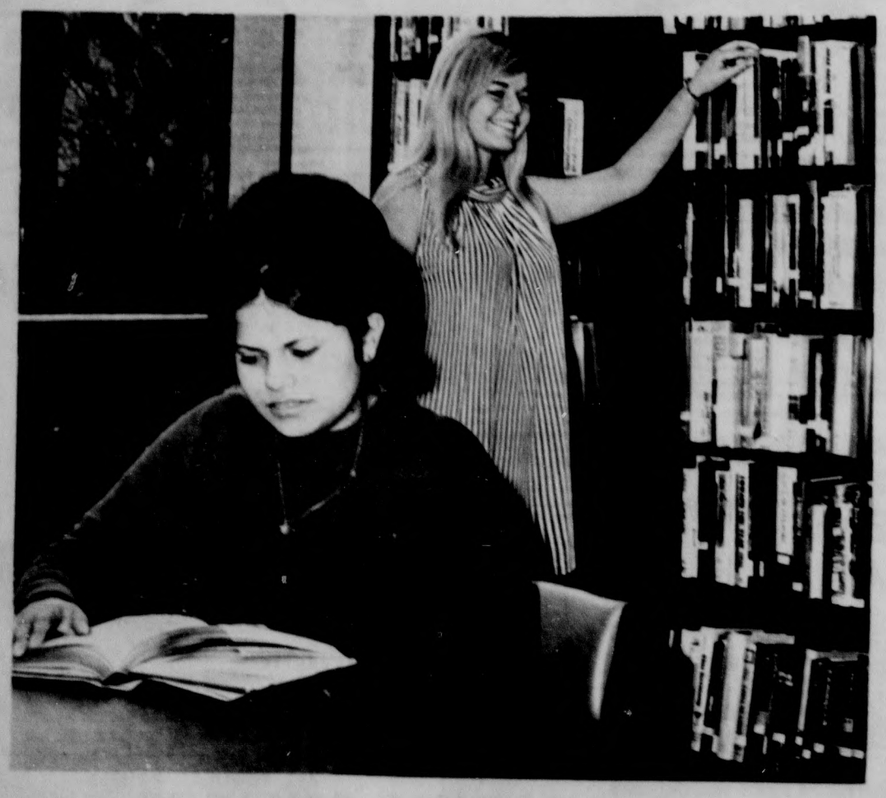

REFERENCE WORK -- Looking up titles of books and reference material in the new library are, Donna Ranney, Ruth Farrington, Sandy Calvert and Sandra Morrales.

INTERESTING SUBJECT -- Linda Newton and Debbi Sparks, study their favorite subject in the new library.

STUDY TIME -- Sandra Morrales and Donna Ranney, get in some study time at the new library.

Divorce Laws Need Revision, Assemblyman Schabarum Says

The committee has concluded extensive interim hearings on the subject, in which testimony was offered by a variety of experts including high-ranking California attorneys and representatives of the State Bar and Judicial Council.

Concern expressed that such liberalizing changes in the California divorce law may encourage divorce seekers to go to Nevada or Mexico was allayed by the bill's principle author. "Nevada and Mexico are going to be real unhappy if our bill passes," he said.

The bill will certainly have some off-setting advantages. It would eliminate waiting periods and abolist interlocutory decrees. The purpose of the interlocutory wait for one year is to give couples a chance for reconciliation. If pre-divorce inquiry and counseling indicate that reconciliation is impossible, there is no point in delaying the effectiveness of a divorce for a year.

Actually we would do away with the present system which tries to place blame for the divorce on one of the parties by using such grounds that are really accusations-such as cruelty and adultery which often result in bitter and hateful court battles to the detriment of the parties and particularly to children of the marriage.

Perhaps if we can accomplish the elimination of the tragic consequences of divorce brought about by court battles and the bitterness caused by this, we will have achieved our major objective.

My colleague's efforts in this cause have no doubt been brought about as the result of findings that not only does one out of every two marriages end in divorce in California, but our divorce rate is almost twice that of the nation at large.

And if this were not enough, we are told that there is a distinct association between divorce and ill health, either mental or physical or both.

It is difficult to believe that California's suicide rate is the eighth cause of death in the state and about 1-1/2 times the national average and that suicide is over-represented in divorced persons.

Divorce-law bills are not unfamiliar to us in the legislature. Similar measures were introduced during the 1967 and 1968 sessions, principally for study purposes, following recommendations by the Governor's commission on the family. This year's bill is a refinement of these previous efforts.

New York and Hawaii have overhauled their divorce laws along these lines, and the experiences of these states have been watched carefully. It is possible that California's divorce law revisions, the "Family Law Act", could become a guide for uniform divorce laws in many states.

Our senate fact finding committee on judiciary has conducted a study on California's divorce laws and the result is a bill recently introduced in the senate. The measure, the "Family Law Act," is intended to simplify and speed up divorce procedures where reconciliation is impossible.

Hearing On Gasoline's Roll In Smog

The Assembly Transportation Committee will hold a special one-day hearing on February 18 on the relationship between smog and gasoline.

Assemblyman Peter F. Schabarum, who was recently appointed Chairman of the Assembly Transportation Committee's special Subcommittee on Air Pollution, said the hearings were prompted by a resolution he introduced last year. The Schabarum resolution (HR 509) calls for a study of "motor vehicle produced air pollution as affected by gasoline composition and the interaction between petroleum products and vehicle systems. . ."

"Last year the Assembly Transportation Committee held numerous hearings on motor vehicle air pollution. As a result of its intensive inquiry, the committee developed the Pure Air Act of 1968. That law establishes the toughest anti-smog standards in the nation for new cars beginning in 1970. But much work remains to be done," he said.

Schabarum pointed out that the Pure Air Act of 1968 affects only automobile manufacturers.

"I think it now appropriate that the Assembly Transportation Committee focus its attention on the extent to which changes in gasoline by the petroleum industry could reduce smog," he said.

The committee expects to receive a progress report on fuel composition that is now being prepared by a specially appointed committee made up of technical experts from the State Air Resources Board, Los Angeles Pollution Control District, and Western Gas and Oil Association. The Assembly Transporation Committee will also hear testimony from a variety of other fuel experts, in-from both the oil and automobile industries. The principal areas to be covered are:

Fuel composition as a contributor to photochemical smog.

Fuel volatility as a contributor to photochemical smog.

The feasibility of using substitutes for lead additives as a means of reducing hydrocarbon emissions in automobiles and improving the operating characteristics of catalytic mufflers.

The hearing will begin at 9:30 a.m., Tuesday, February 18, 1969, in Room 2170 of the State Capitol, Sacramento.

OPEN 8 A.M. TO MIDNIGHT — 365 DAYS A YEAR!

EMPLOYEES HONORED -- Employees of San Antonio Community hospital were honored at a tea Friday, Feb.7 at the hospital. Talking over the day are, from left, George Hawyluk, housekeeping service; Kendle Hill, horticulture; William Rusche, tea chairman; and T. J. Massar, R.N., assistant director of nursing in the mental health unit. The Women's Auxiliary planned and presented the tea.

Auxiliary Honors Employees

Approximately 300 employees of the San Antonio Community Hospital were honored Friday, Feb. 7, at the annual spring tea given by the Board of Directors of the Women's Auxiliary.

Greeting the staff and employees in the Alta Auditorium of the hospital were Mrs. Herschel Glenn, Women's Auxiliary president; Mrs. William Rusche, tea chairman, and Miss Dorothy Johnson, R.M., director of nurses.

Other board members extending greetings were the Mmes. John King, Wolfgang Koessler, Donald Shanklin, Thomas Cleland, Shelby Forrest, Alan Swinler, Jr., Hurley Robinson, Robert Erickson, Earl Johnson, Will Mason, John Skewis, Edward Cavanaugh, Fred Fritsinger, Harold Royaltey, Hugo Melillo, Dale Lucas, George Chalfant, Conrad Stroh, Frank Moore, and Maher Bishai.

This annual event is given by the board members of the Auxiliary to say "thank you" to the many people and departments for their service to the hospital and to the community.

The tea table was done in a pink and white theme, and guests were served finger sandwiches and cookies.

Presiding at the tea table during the afternoon were Mrs. Mary Parker, Mrs. Le Grande Carpenter, Mrs. John Saunders, Mrs. Robert Pintar, Mrs. Bill Conn, Mrs. Erik Ennerberg, Miss Edith Leeper, Mrs. Ralph Mensch, Mrs. John P. Harrelson, Mrs. Herbert Hall, Mrs. Freddie Self, and Miss Rita Waldapfel.

Members Drive Set

February has been designated "Membership Month" by the California Federation of Women's Clubs. The Upland Woman's Club will open its drive by having a "Prospective Members Tea" Friday, Feb. 21 at 1 p.m. at the Upland Woman's Club House, 590 N. 2nd avenue.

Federated Women's Clubs encompass 66 countries and over 11 million women. All are working toward the same ideals and goals to better homes, communities and countries. Woman's clubs are involved in education, sound legislation, high moral and spiritual standards. Membership in a Woman's Club means making new friends and gaining new interests while working for a better world.

The Upland Woman's Club has been a vital part of the community for 65 years, starting as a study club limited to 30 members and growing to its present membership of over 225. The club now offers interests sections in travel, cards, religion, literature, drama, garden, arts and crafts. There is an active section for the daughters of members - the Juniorettes. Members are encouraged to assist in volunteer work such as Red Cross, San Antonio Community Hospital auxiliary.

Women who would like to be a part of the activities of the Upland Woman's Club and who would like to join, may contact any member or call Mrs. Lewis Stokes 982-6304 or Mrs. John Robison, 982-2237, membership chairmen.

Col. Sanders Offers Free Pie 17-20

Free cherry pies will be given away next Monday through Thursday (Feb. 17-20) as part of an annual George Washington birthday party at Col. Sanders' Kentucky Fried Chicken kitchen in Upland at 909 W. Foothill Blvd., operated by John Coker.

Upland Jr. High PTA To Elect Officers, Feb. 18

Upland junior high PTA Tuesday, February 18 will hold an Association meeting in the Band Room of the junior high.

A short business meeting will be held with the election of officers.

Founders Day Program and Presentation of Honorary Life Membership, the honoree will receive a pin in recognition of receiving the Award and the PTA contributes $25 to a National Scholarship Fund.

Mrs. Inga McDaniel, Educator, will speak on "Behavior of Teens."

Refreshments will be served by 8th grade mothers.

All Past Presidents and Honorary Life Recipients will be especially honored at this meeting.

MakeUp Artist To Reveal Technique

The third generation of Hollywood's "Royal Family" of make-up artists, Michael Westmore, will talk to the Upland Woman's Club Feb. 25 at 1:30 p.m.

Westmore will present a lecture and demonstration on the applied art of natural beauty make-up, with emphasis on the procedure every woman should follow to make herself attractive.

Following in the footsteps of his uncles and father, who have been glamorizing Hollywood's greatest stars for the past 40 years, Westmore is presently assistant department head of make-up at Universal City Studios. A question and answer period will climax Westmore's appearance.

Preceding the regular meeting, which will take place at the clubhouse, 590 N. Second ave., Upland, Dr. Pearl Clark of Laguna Hills will show slides of Africa to the Travel Section of the Club which meets at 12:30 p.m.

NEXT COMMUNITY CONCERT -- Featured on the last Upland-Ontario Community Concert Association program will be the Orchestra Michelangelo Di Rirenze. The program is scheduled Feb. 17 at 8:15 p.m. in Gardiner W. Spring Auditorium.

'For LUV Of Fashion' Successful

Over 150 persons attended "For the LUV of Fashion" luncheon and fashion show which was presented Sat., by the Assisteens Auxiliary of Assistance League of Upland at the Red Hill Country Club.

Luncheon tables were ablase with colorful burlap and felt bouquets created by Mrs. James Van Antwerp with her committee of Misses Margo Horgan, Ann Koessler, Vicki Marburger and Vicki Van Antwerp.

Mrs. James Morton was commentator while clothes from Winsor Fashions were modeled by 13 high school members of the Assisteens.

Models were Misses Karol Causey, Betsy Deal, Delli DeVore, Pam Dischinger, Diane Hixson, Donna Hixson, Horgan, Kathy Melillo, Cyndi Rebeck, Shirley Stewart, Van Antwerp and Jane Vath.

Two "little sisters" from the Cucamonga Girls' Club delighted the audience by wearing fashions from Lee's Childrens Shop. They were Misses Paula Flores and Cheryl McGeehan.

Miss Van Antwerp was chairman for the event with Mmes. Raymond W. Fischer and Paul J. Gardner, Jr., adult advisors, assisting.

Orchestra Michelangelo Di Firenze To Appear Locally On Feb. 17

The third and final concert of the Upland -Ontario Community Concert Assn. 1968-69 season will feature the Orchestra Michelangelo Di Firenze.

The concert will be held Monday, Feb. 17, at 8:15 p.m. in the Gardner W. Spring Auditorium.

The Orchestra Michelangelo di Firenze is making its second transcontinental tour of the United States and Canada. It is appearing in Ontario for a repeat performance by popular demand. (The first time it appeared in Ontario was November 1966).

It was with pride that the Orchestra Michelangelo di Firenze adopted the name of one of the greatest Florentines of all time. The Orchestra is an outgrowth of Italy's celebrated string quartet, the "Societa Cameristica Italiana." It was created with the purpose of bringing to the orchestra of classical proportions the perfection of ensemble to be found only in a great string quartet.

The backbone of the Orchestra Michelangelo is its parent string quartet consisting of Enzo Porta and Umberto Oliveti, violins, Emilio Poggioni, viola, and Italo Gomez, violocello.

The 17 members of the orchestra were drawn from the most gifted orchestral musicians of central Italy, all sharing the same basic ideal of attaining a unity requiring both the highest professional skills and a singleness of purpose.

For this concert the Orchestra Michelangelo di Firenze has added Gisella Belgeri, pianist; as soloist.

The orchestra is known for its noble musicanship.

Foothill Baptist Holds Evangelistic Crusade

A seven-day Evangelistic Crusade with Dr. Harold L. Fickett, Jr. as guest speaker is scheduled at the Foothill Baptist Church, 1330 W. 15th street, Upland, February 9-16.

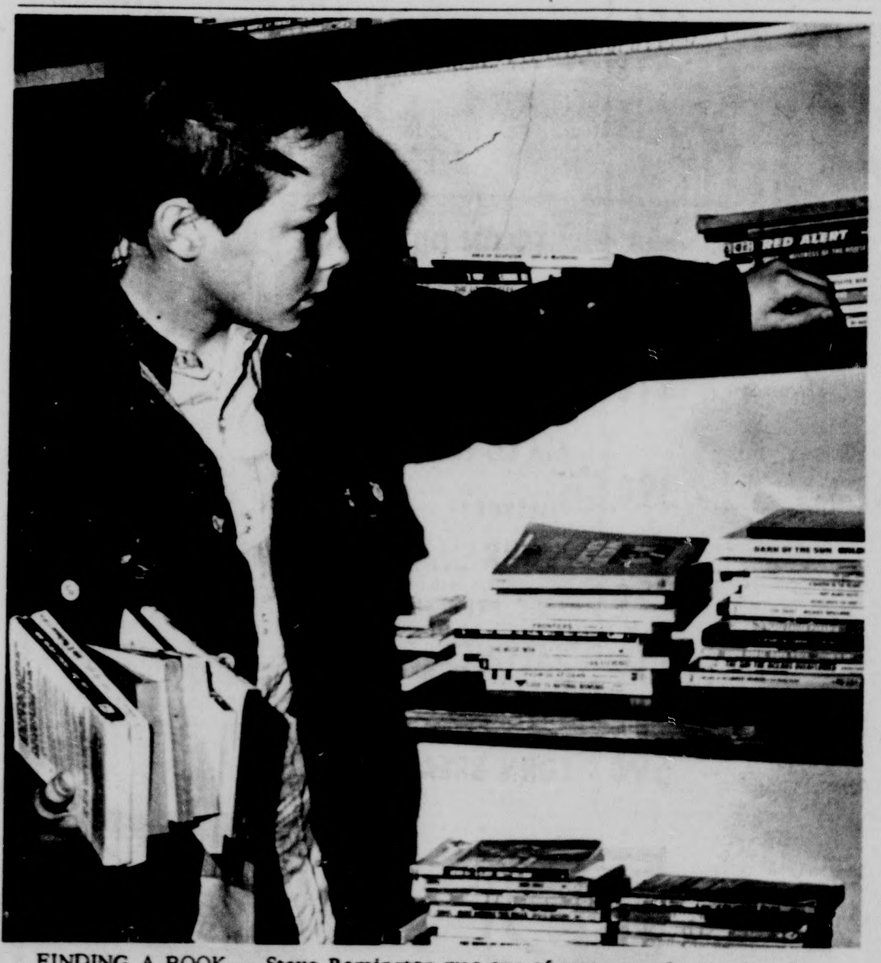

Dr. Fickett will begin the series of meetings on Sunday evening, February 9 at 7 p.m. Monday thru Thursday the meetings begin at 7:30 p.m. On Friday evening John Gustafson, an outstanding gospel singer will present a musical concert and he will also be conducting the special Crusade Choir at every meeting. There will be no Saturday meeting and the Crusade will be concluded on Sunday morning with the 8:30 and 11:00 services.

Dr. Fickett is pastor of the Van Nuys First Baptist, the largest Baptist church in the west, composed of 7,700 members. Prior to his pastorate in Van Nuys in 1959, Dr. Fickett was pastor of the First Baptist Church of Pomona, the Tremont Temple Baptist in Boston and others.

During World War II Dr. Fickett served as a U.S. Naval Chaplain in the Pacific.

He has had several sermons published and has written two books, "Profiles in Clay" and "A Layman's Guide to Baptist Beliefs." He participated in the World Congress of Evangelism held in West Berlin during the fall of 1966.

The Foothill Baptist Church is associated with the Conservative Baptist Association and is pastored by Rev. Bernard E. Andrews. A nursery for small children will be provided at each of the services.

FINDING A BOOK -- Steve Remington was one of many people who found lots of good reading at the Friends of The Library book sale held recently in the old library. The sale netted $1,000 and the money will be used to buy something for the new library.

GO FLY A KITE.

BUT DO IT SAFELY.

Teach your children these important safety rules.

1. Don't cross streets or highways while flying kites.
2. Don't fly a kite with metal in the frame or tail.
3. Don't use tinsel string, wire or any twine with metal in it.
4. Don't fly a kite over TV or radio antennas.
5. Don't fly a kite near electric power lines and don't try to retrieve a kite caught in power lines.
6. Don't fly a kite in the rain.

TAGDAY

The American Field Service, Upland High chapter, is sponsoring its annual Ugly Man Contest this week Feb. 10-14. In the competition, any campus organization sponsors a candidate. He is dressed in an outlandish costume and shown, along with all other contestents to the student body. A winner is picked by voting with money; each cent contributed in the name of each candidate counts as one vote.

The candidate with the most amount of money credited to him, is the Ugly Man. Proceeds from the contest help support a foreign-exchange student at Upland. Voting will be Feb. 13 and 14.

SENIOR PRODUCTION

In just one week, on Feb. 19, UHS Seniors will present the Senior Production, Class of 1969. This extravaganza will feature singing and dancing and who knows what else talent from Spirited soon-to-be graduates.

Authoring the script for this slam-bang show is Rick Vogt and in over-all charge is Senior Class President Bob Ericson. Come one, come all at 7:30 p.m. on Feb. 19 to the UHS Auditorium for the swingest, in-est show yet.

BACKWARDS DANCE

A reminder to you guys and gals, the Backwards dance for 1969 is just three weeks away, to be held Sat. March 8. This is perhaps the one and only opportunity for a girl to ask her idol to a dance without looking "forward". The event sponsored each year by Girls' League, is to be preceded by a week of Backwards activities. Boys, look forward to an exciting evening with the girl of your dreams and for once it won't cost you anything. (maybe)

St. Monica's Plans May Dance

St. Monica's Guild of Damien high school met Monday Feb. 10, at 8 p.m. in the music room. The students directed by Father Patrick Smith, gave a panel discussion on religion.

Plans will be discussed for the coming Calendar Dance to be held in May.

An art and talent show will be held at the April meeting, and any of the mother's wishing to participate may contact Mrs. Royleen Firth program chairman.

Cuca-AL Jrs. Plan Members Coffee

The Cucamonga - Alta Loma Junior Women's Club is planning a Get Acquainted Membership Coffee, Feb. 12 in the creation room of the Foothill Mobile Manor, 9340 Foothill blvd.

The coffee gathering will start at 7:30 p.m.

Young women between the ages of 18 and 35 are invited to join the philanthropic organization. The purpose of the Juniors is to provide opportunities to benefit themselves and their community.

The junior club has recently helped the flood victims by working at the relief station in Cucamonga.

Anyone interested in helping the Juniors build a better community is invited to the coffee. For further information call 987-4952 or 987-3600.

Jerry's Journal

By Jerry Pettis
Congressman, 33rd Dist.

SAN BERNARDINO- All federal assistance possible was promised this week by Congressman Jerry L. Pettis after he surveyed flood-ravaged San Bernardino County.

Pettis, who flew here during the weekend from Washington after receiving reports on the growing damage to the county, said he would "do everything I can to get the various agencies involved to act now" in providing disaster relief.

A member of President Nixon's staff contacted Pettis in San Bernardino and informed him that San Bernardino County would be included in the disaster area proclaimed by the President. This will result in making federal financial assistance available for disaster releif.

Pettis personally surveyed hard-hit areas of the County. He said he was particularly impressed by the "community spirit" he saw on display in the height of the storm. "People really pitched in with offers of help."

The Congressman returned Monday evening to the agencies involved in disaster relief.

A meeting of county, state and federal disaster officials will be held Friday morning in Riverside. Representatives of the Small Business Administration and Federal Housing Administration, Veterans Administration, State and County Defense Officials and others will be on hand to coordinate their programs. Persons suffering flood damage will be notified of the time and place for submitting their applications for loans and other assistance.

FISHERMAN OF LAKE PATZCUARO -- is the role played by Hector Chavez with Maria Guillen in the current play at Padua Hills Theatre. "In Beautiful Michoacan," a two-act musical romance, will run through March 1. Curtain rises at 8:30 p.m. Wednesdays through Saturdays with matinees at 2:30 p.m. on Wednesdays and Saturdays. The players also entertain in the Padua Dining room during luncheon and dinner, served daily except Mondays. Reservations for dining room and theatre are not always necessary but are recommended. Phone (714) 626-1288.

'In Beautiful Michoacan' At Padua Hills Theatre

The lovely melodies of Michoacan, Mexico, are receiving prolonged applause from audiences at Padua Hills Theatre. The current play, "In Beautiful Michoacan", is a romantic drama made most appealing with the serenades, graceful dances, and colorful costumes of this state in Mexico. A small village on Lake Patzucaro is the setting for the simple tale of a maiden's love for a young fisherman and her determination to become a nun rather than marry someone else. A solo by Biola Muniz in her clear, bell like soprano, and a lover's serenade by Hector Chavez and Victor Suarez are highlights of the production.

Many of the dances in the play have been performed for centuries, their steps and rhythms handed down from family to family. Miss Muniz sings her solo in the dialect of the Tarascan Indians of Mexico.

Padua Hills Theatre presents musical productions the year around providing Southern California a constant show of authentic Mexican and Early California folk arts.

The young Mexican players present the dances, songs, costumes, and customs of the various regions of their native land with a grace and interpretation that is easily and quickly understood by their American audiences.

Padua Hills visitors will find the theatre, dining room and shops in a charming hacienda setting in the foothills above Claremont. The Mexican potter, glass blower, and the weaver demonstrate their skills and offer their arts to patrons. The Dining Room, serving Mexican and American food, is open daily except Mondays. The players entertain during meals and also after each performance.

"In Beautiful Michoacan" will run through March 1 with curtain time at 8:30 p.m. Wednesdays through Saturdays. Matinees are presented at 2:30 p.m. on Wednesdays and Saturdays. Padua Hills is located on Padua avenue, three miles north of Foothill blvd. in Claremont. Reservations for theatre and dining room are not always necessary but are recommended for assured seating. Phone (714) 626-1288.

Sports Racing February 15

The long-awaited and once-delayed debut of the 1969 sports car racing season is now just (over) a week way. Slated for the 15th and 16th of February at Riverside International Raceway, the extra preparation time brought about by the delay looks like it will produce a much larger and better field.

The February 15th and 16th date will be the first opportunity for racing fans to see the full compliment of SCCA race cars in competition.

DOLLARS FOR DIGNITY

To provide schools and tools for its self-help programs in over 70 underdeveloped countries, Catholic Relief Services supplied and distributed more than $4 million in 1968. CRS is supported, largely through contributions to the American Catholic Overseas Aid Fund which will be conducted this year from March 9 through 16.

Two Top Cards At Santa Anita

Outstanding distaff stars and distance-loving grass performers will share center - stage at Santa Anita next week, with a Lincoln's Birth - day holiday racing pro - gram on Wednesday giving lustre to the season at the Arcadia race track.

The Feb. 12 holiday program will spotlight the older fillies and mares in the $30,000-added Santa Maria Handicap at 1 & 1/16 miles. This stakes is the major stepping-stone toward invitations to The Santa Margarita, the $100,000 handicap on March 1.

Dark Mirage, the out - standing 3-year-old filly of 1968, is expected to make her winter debut in the Santa Maria. Gamely, star older mare of last year, is on the nomina - tions list but may give way to her William Hag - gin Perry distaff part - ners, Princessnesian and Desert Law, for the Santa Maria.

Meanwhile, the Satur - day racing program (Feb. 15) will feature the 1 & 1/2 - mile $50,000-added San Luis Obispo Handi - cap on the hillside-infield grass course. This is one of the true distance stakes on the Santa Anita pro - gram which spotlight horses seeking invita - tions to the $125,000 San Juan Capistrano mara - thon on April 5.

Watch Poisons

The only way to keep young children safe from poisons is to put all yard, garden and household chemicals under lock and key. A separate locked cupboard with a combination padlock is ideal for such storage.

Work Record Next Census Bureau Task

A sample of residents in this area will be asked about their work experience during 1968, as part of a nationwide survey the week of Feb. 17, Director Leonard C. Isley of the Bureau of the Census Regional Office in Los Angeles announced.

Questions will be asked about the number of weeks worked last year, the number of weeks lost because of unemployment or other reasons, and the longest job held during the year.

The survey is taken annually at this time to provide data for use by the U. S. Department of Labor. The questions supplement the Bureau's regular monthly inquiries for the Labor Department on current employment and unemployment.

The identity of households in the survey is confidential, and the information obtained will be used for statistical purposes only.

"How do you measure Success?"

Success is Inland Bank. Thanks to thousands of friends who entrust their funds with us, Inland is one of the most successful banks in the nation—assets of thirty-one million dollars in just four and a half years.

This measure of success is shown in a report by the Federal Deposit Insurance Corporation which revealed that for the last two years Inland's number of accounts has increased 92.9% compared with 4% for an average of all banks in Southern California. Our deposits increased 62.3%; the average for all Southern California banks was 12.7%.

Our success is derived from the confidence our friends in the area have in our community banking concept, friendly service, "write checks free" program; free checking accounts for senior citizens; 4½% auto loans; an excellent escrow department; 5% savings bonds, interest compounded daily; and, not the least of this concept is the fact that funds placed with Inland are put to work right here in our own Community.

Health Hints

ACNE-- a teen-age burden:

Acne is a relatively harmless and, in almost all cases, a temporary disorder - - though this fact may provide little comfort to the adolescent who feels that he is blighted by its presence.

This common skin eruption occurs among about three-fourths of adolescents--boys and girls alike. It is a result of the hormonal changes which occur within the body during the years of sexual maturation. There is an increased production of the oily substance which normally lubricates the skin and hair. This excess output often plugs the opening of the sebaceous glands. As the secretions become impacted, the area surrounding the gland opening becomes inflamed and the gland or its duct may rupture. If the lesion becomes infected by surface bacteria, the condition becomes worse.

Acne is often quite unsightly, although it is rarely as disfiguring as the youngster imagines it to be. Occurring at a time when the adolescent is almost certainly in the midst of great emotional turmoil, extremely self-conscious, and very eager for the approval of his peers - - acne is too often perceived as a major disaster. Yet, in a majority of cases, the skin condition can be substantially improved by simple measures which the young patient can administer himself. Two important factors in the control of acne are: 1) Washing the face frequently, 2) Avoiding rich foods.

The teen-ager who feels that he is reasonably careful about personal cleanliness may be startled at the suggestion that he should wash more frequently than he does. The point of this treatment is primarily to counteract the excess oiliness of the skin. The face ought to be washed carefully with soap and water at least four times a day. (A helpful hint in keeping to this routine-wash the face before each meal and at bedtime.) It is better to apply the suds with the hands rather than with a rough wash cloth, which may irritate an inflamed skin. If the skin still seems oily after these frequent washings, an additional drying effect can be achieved by sensible exposure to sunlight or by using drying lotions that a doctor can suggest.

It goes without saying that a skin that is already burdened with the secretion of too much oil cannot tolerate fatty foods. Unfortunately, most of the snacks which are dear to the heart of the teen-ager are exactly what he should avoid. Chocolate should be banned from the adolescent's diet. Nuts, including peanut butter, are best renounced, too. Seafood tends to contribute to acne flare-ups. Meats whould be broiled rather than fried. Margarines are more suitable than butter for the teen-age diet.

If the acne condition seems to get worse, no matter how diligently the youngster tries to curb the oiliness of the skin, it may be advisable to have him see a doctor. If there is infection, antibiotic treatment may be called for. In many cases, the doctor can treat the plugged glands locally and thus relieve the inflamed appearance. In severe cases, he may recommend hormonal therapy or x-ray treatment.

The benefits from treatment prescribed by the doctor may be incidental to the relief the young patient derives from being reassured that he will outgrown his acne. Doctors who see a great many teen-agers are attuned to their emotional turbulence and can often help stabilize their exaggerated feelings about acne.

GOP ECONOMY OR THINK-ALIKES?

Last year Bonita Publishing company regularly received releases from Assemblyman P.F. Schabarum whose district is largely in the San Gabriel Valley (also San Dimas and LaVerne) and Assemblyman John Briggs from Orange County (his district also includes portions of Ontario and Montclair).

The releases on state problems had a familiar ring -- too familiar--they were identical and apparently written by the same man.

That is true GOP Harmony to the extreme. But they could have carried it a bit further by sending out just one release; i.e., Briggs' comments on students' revolts with a P.S. at the bottom. I agree--Assemblyman Schabarum --it would have reduced one mailing.

MEXICO BOUND

At the end of this week your writer is heading for Mexico--as far south as Guadalajara, possibly Mexico City.

Some strange things can happen in that siesta land. For example: Daniel R. Pfoutz, head of the Technology Dept. of Carnegie Library, Pittsburgh wrote of his experience.

"When we came through the Border, enroute to Mexico, there were only two men issuing tourist cards. The one who served us could not type very well, and apparently could not read or speak English, except with difficulty.

"On my driver's license it was noted that I must wear glasses when driving.

"The name he typed for me on my tourist card was:

"Must Wear Glasses"..

"I went all through Mexico with a tourist card made out to "Mr. Must Wear Glasses..."

******

TIGHT SECURITY

Which calls to mind another experience we were connected with while with the Atomic Energy Commission.

One of the employes substituted a photo of Joseph Stalin for his own on the ID Card--and for one solid year flashed it to the Security Guard -- and no one mentioned it or even seemed to notice it.

BACK TO MEXICO

The last time Yours Truly was in Mexico City, D.F. (the D. F. means about the same as D.C. in the United States), we tried out our best high school Spanish and asked for directions to the road Lardeo.

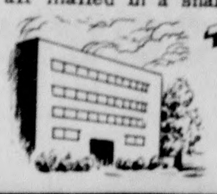

One of the natives looked at us in an askance manner and snapped back, in English, "The bus leaves at 8:30 buddy." (apparently he didn't speak the true Castilian Spanish).

Upland Couple Has Close Ties In Inauguration

Among those Uplanders invited to the Inaugural and Inaugural Ball was Dail D. Doucette, son of Mr. and Mrs. Forrest E. Doucette, 2485 Mesa Terrace, who even though living in Washington, D.C., had the unusual experience of having his official invitation air mailed in a snafu to the home of his parents, but in ample time to receive it back by return air mail. In attending the Ball at the Smithsonian Museum of History and Technology he had as his guest his cousin Dr. David Dail of Richmond, Va., who has recently received his degree in medicine.

David, the son of Dr. and Mrs. Howard Dail of Orinda, is a grandson of Mrs. Nellie Dail who resides with her daughter Mrs. Forrest E. Doucette and of Mrs. Pearl Glass Corona.

In writing his parents about the big event he recalled that he also attended, by invitation, the inauguration of the late John F. Kennedy in 1961 and having arrived by air from California for the event all but froze in the freezing Washington weather, but which was not the case at this event on Jan. 20th.

Two From Chaffey Gain Top Awards

ALTA LOMA--Chaffey College emerged with the two top winners in the annual graphic arts contest sponsored by the Citrus Belt Club of Printing House Craftsmen.

First and second place trophies went to Chaffey's Jim Meador, Montclair, and Rudy Villa, Ontario, in that order. Mae Marsh carried off a third place trophy for Riverside City college.

Chaffey contestants earned the first three places in 1967 and the first two in the previous year.

The latest contest in the community college category was keyed to the designing and printing of the Citrus Belt bulletin, The Citro Crafter.

The Chaffey lithography program is headed by Dario Robinson who reports a ready market for his trainees in the local printing houses.

Two Uplanders On Redlands U Band Excursion

UPLAND - Two area students are members of the 60-piece University of Redlands Concert Band which begins its 10th annual mid-winter tour Feb. 5.

Christi Duncan, daughter of Mr. and Mrs. T.C. Duncan, 638 Birch, is a 1967 graduate of Upland high school. She is currently active in Spurs and is a sophomore P.E. major.

John Lindboe, son of Mr. and Mrs. Roland Lindboe, 1589 N. Euclid ave., also graduated from Upland high school in 1967. He is a music education major.

The Concert Band, directed by James Jorgenson, associate professor of music education at the University of Redlands, will appear in six northern communities.

Communities to be visited are Bakersfield, Fresno, Sacramento, Palo Alto, Monterey, and San Luis Obispo.

SPECIAL EFFECTS -- Following her first attempt at levitation, Merrilee Drake of Claremont who has a key role in the Garrick Players production -- Visit To A Small Planet -- is surprised by the results.

Reading Label Can Save Money

When buying canned goods, read the label to be sure the food fits the need you have in mind. Buy a can size that fits the number of persons to be served.

If pantry storage space permits, it is economical to buy in quantity; watch the "specials." Always replace supplies as they are used. The large economy size is a good buy only if the family is large enough to use it up soon after it is opened.

Injuries Topic SA Hospital Aux.

"Athletic Injuries" will be the topic, Feb. 17, of Dr. Ralph E. Williams' talk before the San Antonio Community Hospital Women's Auxiliary.

Luncheon will be served in the Alta Auditorium at the hospital at 12:30 p.m. with the speaker following at 1:15 p.m.

Dr. Williams received his M. D. from Boston University School of Medicine in 1949 and interned at the Baltimore City Hospitals. He did residencies in orthopedics at City of Detroit Receiving Hospital, Harper Hospital, Detroit, and Children's Hospital of Michigan in Detroit.

Dr. Williams has been a member of the Medical Staff of San Antonio Community Hospital since 1957 and a Senior member since 1959. He was certified by the American Board of Orthopedic Surgery in 1961. Dr. Williams has served on various Medical Staff Committees, including Advisory, Surgery, and the Tumor Board. He is also a member of the staff of San Bernardino County Hospital.

Mrs. Herschel Glenn, Women's Auxiliary president, cordially invites all women of the community to attend. Reservations for luncheon may be made by calling Mrs. Jean Grace at the hospital, 985 - 2811, by Friday, Feb. 14.

The seven millionth home loan was guaranteed by the Veterans Administration during December 1968.

Unusual Affects Featured In Garrick Production

Opening Friday, Feb. 14 at the Castle, C and Lemon, Ontario, is Garrick Players production of VISIT TO A SMALL PLANET. It will run Fridays and Saturdays through March 8.

In this imaginative contemporary play, a small unidentified flying object lands in the garden of newscaster, Roger Spelding, played by Mike Minnehan, Pomona, on the eve of his nation-wide broadcast, proclaiming "flying saucers are simply a case of mass hysteria." Out steps Kreton played by Ken Welch, Pomona, come to visit his favorite century and observe the savage customs. To present the effect of the saucer landing, an elaborate sound track has been created and timed by Clark Marshall, Upland, who is also responsible for the lighting effects.

Costuming Kreton, and his buddy, Delton 4, is Pat Olchawa. Make-up will be applied by Mary Anne Minnicuchi, Ontario, and Bonnie Thompson, Upland. Properties are the responsibility of Elizabeth Porter, Ontario. Program artist is Sari DeLapp, Claremont, and the editor is Joan Brown, Montclair. Porters were supplied by Clark Heiple, Upland.

The indoor-outdoor set was designed by Garv Skinner and built by Pat and Dick Olchawa, Ontario, Clark Marshall, Upland, and Don Batten of Montclair.

Ticket information and reservations may be made by calling ticket chairman Sandi McKenzie, Ontario, 983 3026

Emergency Repair Budget Set Up For Highway Work

SACRAMENTO - An emergency damage repair budget was established Feb. 5 by the California Highway Commission to provide funds required to restore and replace State highways damaged during last month's storms and floods.

The Commission allocated $9,237,850 from two contingency reserves to the repair budget after reviewing Department of Public Works reports that estimated damages in that amount.

Almost equal sums were transferred from the two reserve contingency funds which are required to comply with laws that require all State highway construction monies be pro-rated on a 55-45 percent basis between 13 southern and 45 northern counties. The southern fund provided $4,862,500 and the northern fund $4,375,350.

In an allied action, the Commission allocated an additional $1-million to a San Bernardino freeway project now under construction that suffered considerable storm damage.

The money is required to correct damage and provide additional drainage facilities and other protection on Interstate 15 along the 12-mile section between Devore and Route 138.

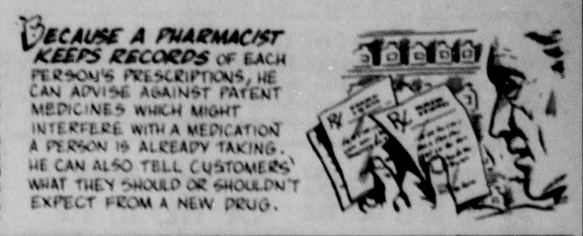

The Commission directed that a more detailed list of statewide projects and financing be presented to it at a later meeting.

The special meeting in Sacramento was required because the expenditure of funds required by repair activities needed Commission approval.

Rice Retains Popularity

The people of Oriental ancestry living in Hawaii have adopted many western foods but continue to eat rice rather than bread as their basic cereal food. Hawaii Experiment Station of the U. S. Department of Agriculture finds that in 76 per cent of the homes in Honolulu, rice is served once a day or oftener.

Census Slated Work Experience

A sample of residents in this area will be asked about their work experience during 1968, as part of a nationwide survey the week of February 17, Director Leonard C. Isley of the Bureau of the Census Regional Office in Los Angeles announced.

Questions will be asked about the number of weeks worked last year, the number of weeks lost because of unemployment or other reasons, and the longest job held during the year.

The survey is taken annually at this time to provide data for use by the U.S. Department of Labor. The questions supplement the Bureau's regular monthly inquiries for the Labor Department on current employment and unemployment.

The identity of households in the survey is confidential.

Foot 'N' Fiddle To Celebrate Valentine's Day

The Foot 'N' Fiddle Square Dance Club will celebrate Valentine with a Cupid's Heart Party, on Saturday Feb. 15 from 8:00 p.m. to 11:30 p.m.

Tom Dunagan will call the square dance at the American Legion Hall, on 1550 Bonita ave., La Verne.

Appropriate Valentine refreshments are being planned by Mr. and Mrs. Lloyd Lowther and Mr. and Mrs. Ron Swope.

The hall will be decorated by Mr. and Mrs. James Verbick and Jean Booth.

All square dancers are invited to come and join in the fun.

Met Auditions Slated Feb. 16 At SBV College

Final arrangements are now being completed for the Ninth Annual Metropolitan Opera Auditions for the San Bernardino-Riverside Counties District of the Western Region. The Auditions will be held on Feb. 16, at San Bernardino Valley College under the direction of Miss Gwendolyn Roberts, district governor.

Aspiring young singers of this area will have an opportunity to display their ability and talents again this year with each contestant being assigned a specific appointment to sing.

Noted judges will come from Los Angeles area to sit for the auditions. They will not only select a winner, but will also give personal comment and helpful suggestions on each singers performance. The auditions will be private, and every effort is being made to make the auditions valuable to the singer.

The District winner will compete in the Western Regional Semi-Finals in Los Angeles on March 22, in Hancock Auditorium on the campus of the University of Southern California, when winners from all of the seven other districts will sing for a panel of important judges.

Singers are judged on the basis of potential rather than professional experience and the Regional and National Finalists are eligible for awards and for scholarships. The awards originating from New York now total $50,000.

Those requesting forms and information should write Miss Gwendolyn Roberts, 1898 Genevieve st., San Bernardino 92405, or telephone her at TU 3-7671.

Home accident deaths in the United States in 1967 totaled about 28,500, according to the National Safety Council. More than one-third of those killed were persons 75 years old and older.

Tract Building Doubled In '68 In The PV Valley, DB The Leader

Tract home building activities in the Pomona Valley nearly doubled last year, but were far below the peak periods five years ago, the Residential Research Committee of Southern California reported today.

The report showed that 1,344 tract homes were started during 1968 compared with 666 the year before, for an increase of 102 per cent. At the end of the year, 600 homes were unsold, compared with 645 at the same time in 1967.

This was a further narrowing of the margin between supply and demand. Local housing officials say if the unsold inventory goes below 500, it usually indicates a housing shortage.

There were 1,144 unsold tract homes at the end of 1966; 2,324 in 1965; 3,324 in 1964; and 3,610 at the end of 1963, when a total of 4,368 new homes were built.

Locally, the information for the research committee was developed by Robert D. Nichols, vice president, and Joseph C. LeBeau, senior appraiser at Pomona First Federal Savings and Loan Association, which directs the committee's semiannual survey in the Pomona Valley.

Their report showed that while 1968 was far ahead of the year before, the second half of last year fell a little behind the activity of the first half.

Of the 1,344 new homes constructed last year, 697 were built during the first half and 647 in the second half.

Sales also were better during the first half, outnumbering the second half 808 to 581, and the unsold inventory of tract homes increased slightly during the second half, from 534 to 600.

Nichols said delays in local development programs, particularly in the expansion schedule of Ontario International Airport, had slowed down home construction. But, he added, the delays appear to be only temporary.

He said that of major importance in the report was the fact that nearly all of the tract homes built more than a year ago have been sold, leaving primarily newly built homes on the market.

"Only 11 tract houses remain unsold of the 661 which were started in 1967," he said. "And 92 per cent of all houses built before 1968 have been sold."

Diamond Bar led the Pomona Valley communities in the number of new tract house starts, with 396, compared with 184 the year before. Pomona, for the second year out of the last three recorded no new tract homes for a three-year period, reported 25 starts last year.

Other communities and their tract starts were:

Ontario, 52 last year and 30 in 1967; LaVerne, 80 and 94; San Dimas, 167 and 16; Upland, 90 and 116; Chino 164 and 56; Claremont, 123 and 16; and Cucamonga - Alta Loma, 247 last year and 107 the year before.

The report does not include figures on used tract homes.

KEYHOLE

DETROIT — Auto industry emphasis on sporty, hotter 1969 automobiles is expected to draw new fire from the Federal Trade Commission, according to industry sources.

NEW YORK—TV execs are still shaking their heads in surprise over the record political video revenues emanating from the 1968 campaigns which, according to industry sources, were double the the amounts spent in 1964.

Montclair Loses To Claremont For Second Time In League

MONTCLAIR -- There must have been times this season when San Antonio League teams have had the same feeling as those members of the Pacific Eight have had about a certain team.

For the SAL teams, Claremont high has dominated the sports picture so far this school year.

Now its basketball and the Pack hasn't forgotten that basic ingredient of success - winning.

Friday night the Wolves claimed their 23rd straight basketball win of the year, their 25th in a row over a two-year period, kept their SAL record perfect at 10-0, and remained two games ahead of runner-up Chino with a 57-40 win over a challenging Montclair team.

It wasn't one of Claremont's more artistic efforts, but as coach Jack Smith relates, "You have got to give them (the Cavaliers) credit for playing a good, aggressive game."

REACH PEAK

Has the Pack reached its peak?

True enough Friday's game was against a Montclair team that had only one league victory in nine starts, but it had shown signs of jelling into a good team of late.

Where the Wolves were annihilating teams earlier in the year, presently its closer games and a "flatness" that has some people worried as to whether the Pack can make it through.

Smith shouldn't have to worry about getting his players "up" for the remaining games though, four in all.

Tuesday it's Garey (5-5); next Friday it's Chino (8-2); the following Tuesday it's Pomona (3-7) and the following Friday it's Ganesha (7-3). The latter two games are both away and both first round games with respective teams were close ones in the Claremont gym.

Friday's game was closer than the final score might indicate. The Cavaliers got to within three points, 34-31, with 49 seconds left in the third quarter, the closest they had been all night, but no closer.

Claremont had used some fine outside shooting by Craig Ducey and Teryl Davison to gain and maintain the lead at the outset.

Davison led all scorers with 20 points while Ducey added 18.

The Pack looked impressive in the first eight minutes of the game, hitting eight of 17 shots from the floor to take a 20-10 lead.

PACK LUCKY

But a one-for-12 second quarter combined with three free throws added only 5 points to that total and the Wolves were lucky to be leading at the half, 25-19.

Montclair, now 1-9 in league and 3-16 over-all, didn't help its game winning plan much in the first half, shooting - wise that is, hitting only nine of 31 shots, including a poor five for 19 first quarter.

While Ducey was hitting well from the outside against the Cavalier zone, the other Wolves were standing.

The senior forward hit his first shot of the second half as he had to open the game to get the Wolves rolling again.

The Claremont lead reached 12 points, 31-19, before the Cavaliers came to trim the deficit to its minimal amount, 34-31, before Ducey fired in a jumper with a half minute remaining in the third period to give the Pack a 36-31 advantage.

Rolland Withrow, who was hemmed in most of the night by the Cavalier zone, and had only 13 points started playing his game at the outset of the fourth quarter, scoring the Pack's first six points.

After Claremont had opened the lead up to 10 points, the Cavaliers were forced to alter their game, according to coach Mike Jackman.

When the Cavaliers gambled they fouled and Claremont took advantage.

"We did what we wanted to do up until that time" said Jackman, "but we didn't shoot well enough to stay in there."

"We're playing a bit more conservative," was Smith's comment after the game. "We didn't shoot as well as we usually do, in fact, this was our lowest shooting percentage (38.6) this year.

"Yes, I did say something to them at halftime that I haven't had to say before this year. I really chewed them out for letting Montclair move them around so easily on the boards."

Gregg Campbell played a fine all-around game for Montclair and finished with 17 points and Bill Daniels added 11.

Upland Drops 10th League Game, 84-72

LA VERNE-Bonita high broke a two-game San Antonio League losing streak here Friday night by out-scoring visiting Upland, 84-72.

The win hikes the Bearcats SAL mark to 6-4 good enough for fourth place in the standings. Upland, meanwhile, suffered its 10th league defeat in as many outings.

George Agnew and Jim Bleemers led the Bonita attack with 24 and 20 points, respectively. Paul Ingles chipped in with 14 points for the Bearcats.

Agnew and Ingles also grabbed 14 and nine rebounds to lead in that department.

Kirk Riehl scored 27 points to lead Upland. Riehl now has scored 92 points in the last four games. Louis Engle and Mike Phillips tossed in 13 and 12 points to help the Highlanders' cause.

Bonita had an 18-11 lead after the first quarter and by half-time had increased it to 38-26. The Bearcats led 63-48 going into the last eight minutes.

Upland Scares Wolfpack In Close Fought Contest

UPLAND - Undefeated Claremont high, playing like anything but the CIF's (3-A) No. 2 ranked team, rallied in the fourth quarter here Tuesday for an unimpressive 54-46 San Antonio League victory over Upland.

The victory was the 22nd for Claremont, and hiked its SAL record to 9-0 with five games remaining. Upland, which lost to Claremont by eight points in their first meeting, saw its league mark dip to 0-9.

Rolland Withrow, Claremont's 6-6 center, took scoring honors with 23 points. Craig Ducey was the only other Wolf to score in double figures with 14.

Louis Engle and Kirk Riehl were high for Upland with 14 and 10 points.

Claremont, trailing 41-37 going into the fourth quarter, outscored the Highlanders 17-5 behind Withrow. Withrow, the league's No. 2 scorer, tossed in 10 points in final eight minutes.

The Highlanders led most of the game. They were in front 13-11 after the first quarter, although Claremont pulled even at 29-all by halftime. Claremont fell behind again in the third quarter, taking only four shots from the floor.

The Wolfpack won the game at the free throw line. The Wolves had a 1-4 advantage in free throws, but Upland made more field goals, 21-20.

Claremont held a 38-19 spread in rebounds with Withrow grabbing 16 and Ducey eight.

Montclair Pony-Colt Registration

The Montclair Pony Colt League will conduct registration at the Montclair high school Saturday, Feb. 15 and 22, from 9 a.m. to 4 p.m.

Pony league applicants include boys between the ages of 13 and 14 while Colt league includes boys 15 and 16 years of age.

League games will be played at the John F. Kennedy memorial park where work is underway to install lights.

Applicants are requested to bring a birth certificate and be accompanied by one parent.

For further information contact Chuck Wolters at 624-3189.

Braves Manage 59-51 Win Over Gladstone

AZUSA-Alta Loma was a little sluggish Friday night as it has been in the past weeks, but again had enough to win, 59-51, over Gladstone in the Gladiator gym.

As has been the story in the past the Braves have battled even with opponents throughout the first half until being able to pull ahead in the latter parts of the third and win in the fourth.

This was the script and the Braves followed it perfectly. Kent Dugan was again the spark-plug with five of the Braves 12 points in the third period.

His antics pushed the Braves out in front by 43-37 as the final period opened. AL opened it to 48-38 at the start of the fianl stanza before Bill Beckley fouled out in the final three minutes.

Dugan hustled throughout and accounted for 15 points while both Beckley and England added 10 apiece.

Cavaliers Come Close But Lose To Ganesha

Ganesha High, leading by 18 points at halftime, withstood a second half rally by Montclair Tuesday for a 72-69 San Antonio League basketball win.

The victory boosts the Giants into undisputed possession of third place with a 5-3 mark. Montclair, meanwhile, saw its league mark dip to 1-8.

GATSON LEADS WAY

Ganesha, now 13-7 overall, had four starters score in double figures with Wilbur Gatson's 24 points high. Gary Fisher and Steve Burns added 12 each and Ron Carr chipped in with 10.

Gregg Campbell, Montclair's sophomore center, took game scoring honors with 27 points, his best effort this season. Bill Daniels and Kees Jongsma added 20 and 11 points, respectively, for the Cavaliers.

Ganesha jumped out to a 15-4 lead after the first eight minutes and upped the margin, behind Gatson, to 44-22 at halftime.

Gatson scored 11 points in the second quarter.

Montclair, however, behind Campbell, came roaring back in the third quarter, cutting the defecit to 11. Campbell tossed in 11 points in the third period.

Campbell and Daniels combined for 16 of the Cavaliers' points in the final eight minutes.

Montclair pulled to within one point in the waning seconds, 70-69, but Fisher scored two free throws with four seconds left to cinch the win for the stunned Giants.

Ganesha goes after its seventh SAL win Friday night against crosstown rival Garey (5-4) on the Giants' floor. Montclair has a more unenviable assignment. The Cavaliers host undefeated Claremont (22-0).

Cucamonga PonyLeague To Meet

Interested parties are invited to attend the general meeting of Cucamonga Pony League to be held Feb. 17 at 7:30 p.m. at Carnelian school in Alta Loma.

Registration for boys who are or will be 13 or 14 years old before Aug. 1, 1969, will be on Saturday Feb. 15 at 10 a.m. and who live in the Alta Loma, Cucamonga, Guasti or Etiwanda school district are eligible to register. All boys must be accompanied by a parent or guardian and must have a certificate of birth. Present members of the Pony League must also re-register.

The meeting will consist of a short discussion of this years plans and activities. Volunteers are needed as managers, coaches, and officers.

West End LL Registration Starts Feb. 15

West End Little League will hold registrations on February 15 and 22, from 10:00 a.m. to 3:00 p.m. at the Little League Field on Pipeline avenue, between Phillips and Francis.

To be eligible, boys must qualify as follows:

1. Must reside within West End's boundaries. (North of Francis, South of State, West of Benson and East of East End.)

2. Will attain the age of 8 before August 1, and will not attain the age of 13 years before August 1.

Candidates must bring legal proof of age (birth certificate) and be accompanied by a parent. All previous players must also register. For further information, please call Floyd Paino at 628-7479 or John Blair at 628-0727.

LL Registration Starts Monday

Registration of candidates for the Upland American Little League tryouts will be held at Baldy View elementary school in the multi-purpose room on Monday, February 17, 1969 from 7 to 9 p.m.

To be eligible, candidates must qualify as follows:

1. They must reside within the established boundaries of the Upland American Little League. (These boundaries are Foothill Blvd. on the north, Euclid Ave. on the east, the freeway on the south, the San Bernardino county line on the west).

2. They must have been born on or after August 1, 1956 and no later than July 31, 1960.

Candidates must bring legal proof of age (Birth Certificate) and must be accompanied by their parents.

After examination by the player agent and the league president, these documents will be returned immediately to the parents.

Candidates accepted will be so notified and will report for tryouts at Hargis Field on Eighth Street in Upland as follows:*

9 year olds (born between August 1, 1959 and July 31, 1960) at 10 a.m. Saturday, March 1. 10 year olds (born between August 1, 1958 and July 31, 1959) at 1 p.m. Saturday, March 1. 11 year olds (born between August 1, 1957 and July 31, 1958) at 10 a.m. Saturday, March 8. 12 year olds (born between August 1, 1956 and July 31, 1957) at 11 a.m. Saturday, March 8.

* Accepted candidates must bring their own glove and be suitably clothed. Regulation baseball uniform is not necessary.

Charlie Brown's 1st Birthday In LA, Mar. 12

"You're A Good Man Charlie Brown," the famous Schultz cartoon character from the "Peanuts" strip, and his pals will soon be putting their first birthday candle on a cake at the Ivar Theatre in Hollywood.

On March 12 Gary Burghoff, Nicole Jaffe, Judy Kaye, Hall - James Pederson, Will Seltzer and Robert Towers will celebrate their first complete year on stage at the Ivar in the roles which Charles Schultz has been turning out from his drawing board for over 20 years - Charlie Brown, with his comical mishaps; Patty, whose only concern is jumping rope; Lucy, a veritable matriarch among her playmates; Schroeder, the piano playing Beethoven devotee; Linus, with his blanket affixiation; and Snoopy, the canny canine.

On the birthdate of "Charlie Brown" this Hollywood company will then rank number four as the longest running of the 14 current and past productions which producers Arthur Whitelaw and Gene Persson have presented throughout United States and Europe. Patriarch of companies is New York which starts its third year just a week before the Hollywood cast becomes a year old. Boston recently closed a year's run and shattered all records for a musical in that city. San Francisco is well into its second year.

Scholarships Worth $9,300 Given Junior Achievers

Scholarships valued at $9,300 will be awarded to qualifying teenage businessmen and women in Junior Achievement program, according to G. Robert Truex, Jr., senior vice president, Bank of America, and president of Junior Achievement.

The scholarships will be awarded at JA's Future Unlimited Banquet at the Hollywood Palladium on May 22 to senior achievers now operating teenage JA companies.

Included in the awards is a $1,300 scholarship from Sawyer Business College, a $500 award from the Los Angeles Electric Club, a $300 award from the Charles Springer Foundation, $250 from Authur Andersen & Co. Foundation and $250 from the Western Gear Foundation.

There are 4,500 high school students operating 221 miniature companies in the southland's JA program, an activity designed by business and industry to acquaint teenagers with America's free enterprise system.

Comic Valentine

It's the time for red hearts and white lace and flowers and flowery sentiments. Also for the more sophisticated put-downs we used to call comic Valentines.

This year, however, we offer a special comic Valentine; a real live one, who usually puts himself down and makes millions doing it. We refer to Benny Kubelsky for whom February 14, 1969 marks the 75th anniversary of his birth in Waugekan, Illinois. We also refer, of course, to Jack Benny, for whom Valentine Day marks his 37th 39th birthday, if our old math serves us correctly.

Three quarters of a century is quite an achievement, and Jack's place in the hearts of millions is something to envy and admire. His own heart is as open as he pretends his wallet is closed, and he has given much happiness to his world. You can't ask much more than that.

So, Happy Birthday, Jack; and Happy Valentine's Day to all those who in their own, unpublicized, more intimately loving way have shared their hearts with us.

Food stores and grocery markets employ about 1.5 million non-supervisory workers.

Golden West Using Hansa Jet Commuters

With inauguration of service to Santa Barbara and Palm Springs from Hollywood / Burbank, Golden West Airlines becomes the first commuter service in the U.S. to utilize the 12-passenger Hansa Jet Commuter in scheduled service. Only one other commuter airline in the country uses pure jets on scheduled runs.

The luxurious executive jets is powered by two General Electric jet engines, cruises at 510 MPH and features a unique angled seating arrangement which allows passengers to stretch their legs in comfort. The cabin features stand-up and walk around head space and is fully air conditioned and pressurized.

Considered to be one of the most rugged and reliable aircraft ever built, the Hansa Jet is designed with a unique forward swept wing for optimum high speed aerodynamic characteristics and superb slow speed stability.

Golden West has taken delivery on its Hansa Jet which is painted in the airline's new orange and blue colors. Golden West will have two Hansas available for use in its Southern California service.

"The Hansa is the first pure jet available to commuter airlines that can be operated profitably on relatively short route segments," said William T. Dawson, Golden West board chairman. "The Hansa Jet enables us to offer the speed and comfort that today's air travelers have rightfully come to expect."

Edward J. Chandler, Vice President and General Manager of the Hansa Jet Corporation, commenting on the need for jet service in the rapidly expanding commuter airline business said, "We feel that Golden West is providing the commuter airline industry with outstanding leadership by stepping up to pure jet service to augment the convenient, high quality service they have developed with their propeller driven aircraft."

Texas Daily Purchased By Donrey

The Gainesville, Texas Register & Messenger, Cooke County, Texas, has announced the sale of stock interest of Mrs. Joe M. Leonard, Sr. of the Register Publishing Company, to the South-western Operating Company of Fort Smith, Ark. Southwestern Operating Company is a member of the 8 state Donrey Media Group, Ltd. which owns and operates 24 other daily and 20 weekly newspapers.

The transaction was disclosed by Ross Pendergraft, vice president of Southwestern Operating Company whose president is Donald W. Reynolds.

Mrs. Leonard also announced her resignation from the board of directors of the Register Publishing Company and the sale of the stock interest of her two sons, Joe M. Leonard, Jr. and Earl (Bud) Leonard. Sale consideration was not stated.

Joe M. Leonard, Sr., was active in the Register-Messanger for over 60 years prior to his death in 1965.

This announcement has gone to Editor & Publisher, Southern Newspaper Association and the Texas Press Association.

Antique Show At Riverside Feb. 20-23

The Popular Riverside Antiques Show has set dates of Feb. 20-23 for its 10th annual Presentation in Riverside Memorial Auditorium with scores of valuable objects going on public display for the first time.

Show hours this year will be continuous from 1-10 p.m. on Feb. 20, 21 and 22; and from 1-6 p.m. on the show's final day.

Memorial Auditorium is located in downtown Riverside at 7th and Lemon streets.

Board, Room Sometimes Taxable

Generally, an employee does not have to pay tax on the value of room and board he receives from his employer. However, there are situations when the value of meals and lodging furnished by an employer do have to be included in taxable income, the Internal Revenue said today.

The key factor in this determination is whether the meals or lodging are furnished for the employer's convenience and on the employer's business premises. In addition, when lodging only is given, the employee must accept the lodging as a condition of his employment. If these conditions are met, the value of any meals or lodging received can be excluded from taxable income.

Under these rules, a camp counsellor would not generally pay tax on the room and board he receives and a waitress would not generally pay tax on the value of meals received during the work day.

But if an employee is furnished living quarters, or meals, away from the place where he works, their value would be taxable.

Further information on this provision of the tax law is contained in IRS Publication 525, Taxable Income and Non-Taxable Income. Send a post card to Tax Forms P. O. Box 1711 Los Angeles, Calif., 90053.

SPACESAVER... Versatile water carriers for sailors, campers and outdoor sport enthusiasts are made from tough Tenite polyethylene, collapse when not in use.

ITEM: Among the good-looking and easy-care foliage plants is "pothos," "devil's ivy," or by its true horticultural name, "Scindapsus." Whatever you call it, this green plant, with leaves splashed yellow or white, is as adaptable as philodendron. The soil in its clay pot should be allowed to dry out completely between waterings.

What's A Number?

Franklin Delano Roosevelt was identified on his official inaugural medals as the 31st President of the United States. Some people hold, and some do not, that since Grover Cleveland was both the 22nd and the 24th President, Roosevelt actually was the 32nd.

Decorating?

When you use paneling, select doors and wood trim to match. Many companies make a trim to match prefinished plywood. If a prefinished trim is not available, you will find a large range of color stains to choose from. With care, these can be mixed to develope a finish that will match any hardwood.

Cataract

Like frost on a window pane, cataract is a cloudiness within the lens of the eye that blocks the passage of light. Surgery is the only recommended method of treatment for cataract and is successful more than 95 times out of 100 in those patients for whom an operation is recommended.

Many Autos Violate State's Pollution Laws, CHP Says

Of the 493,465 vehicles inspected by the Cali - fornia Highway Patrol in the Los Angeles Basin in 1968, 18933 did not comply with the air pollution control laws of the state.

Officials of the California Highway Patrol and of the Air Resources Board joined today in calling attention to the need for compliance. The air pollution situation is so serious that in 1968 the Legislature imposed a more severe penalty on violation of air pollution control laws. Drivers may be fined up to $50 for the first violation and $100 for each subsequent violation.

About one percent of the vehicles checked by the Passenger Vehicle In - spection teams working in the Los Angeles basin area (Los Angeles, Or - ange, San Bernardino and Riverside Counties) had disconnected or "block - ed" devices. This is equally as illegal as fail - ing to have a required device.

Dr. A.J. Haagen-Smit, Chairman, Air Resources Board, and H.W. Sulli - van, Commissioner of the California Highway Pa - trol, made the joint an - nouncement.

Of the 493,465 pas - senger cars, pickup and panel trucks, motor - cycles, jeeps, taxis and housecars inspected, 151,001 were required by law to have a crankcase pollution control device and 156,921 were re - quired to be equipped with both exhaust and crank - case pollution control de - vices.

Based on the latest re - gistration information, almost 32% of the pas - senger cars registered in Southern California are required to be equip - ped with both types of de - vices; another 30% are required to be equipped with the crankcase de - vice only.

Of the 18,933 violations detected last year, 11,360 involved defective pollu - tion control devices. Failure of the owner to provide adequate service was the primary cause of these violations.

A required device was lacking on 3,219 vehicles. Owners of these vehicles either had never installed the required device (s) on their cars or had com - pletely removed it.

Legislators have given increasing importance to the enforcement of air pollution control device laws because an im - properly serviced, dis - connected, blocked or re - moved device can in - crease the pollutants emitted from a vehicle by several hundred percent.

Commissioner Sullivan and Dr. Haagen - Smit urged that owners see that their devices are prop - erly installed and ser - viced at regular intervals as specified in the own - er's manual for their ve - hicle or the instructions provided with the device when it was installed.

Flood Damaged Property Deductible From State Tax

Property losses suf - fered by individuals in 1969 may be claimed as deductions on their 1968 California personal in - come tax if the damage occurred in a federally - designated disaster area.

Martin Huff, executive officer of the Franchise Tax Board, said a pro - vision of the law, enacted after a devastating tidal wave struck northern California in 1964, al - lows property owners to claim flooding and rain - storm losses without waiting for the 1969 fil - ing season.

The California law is similar to a Federal sta - tute and sets up the fol - lowing conditions:

--The damage must have been sustained prior to April 15, 1969.

--The loss must be in a disaster area as pro - claimed by Presidential proclamation.

The accelerated deduc - tion provision applies to individuals and not to cor - porations.

Corporations may claim deductible losses in filing their returns for 1969. Individuals also have the option of claim - ing their losses at the end of the tax year, Huff said.

Nine California coun - ties have been declared disaster areas at this date by the President. They are Fresno, Inyo, Los An - geles, Riverside, San Bernardino, San Luis Obispo, Santa Barbara, Tulare and Ventura.

Additional counties may be eligible in the near future, Huff said.

THE LITTLE SATELLITE, top right, that made "Live Via Early Bird" a household phrase on television sets in millions of North American and Euro - pean homes for the last three and one-half years, retired last month, 22,300 miles above the Atlantic. Its communications circuits were transferred to a new and larger satellite, top left, called INTELSAT III. Early Bird's com - munications performance record reads like a who's who, including TV broadcasts of Pope Paul's historic visit to the U. S. in October 1965; the Gemini splashdowns in 1965-66 and former President Eisenhower, above, discussing World War II strategies with British Field Marshall Sir Bernard Montgomery in a "Town Meeting of the World" telecast.

A half million dollar, low-interest disaster fund was set up by Pomona First Federal Savings and Loan Asso - ciation today to help victims of the recent flood repair their homes.

Paul D. Walker, president, said the money will be made available for loans up to $5,000, effective immedi - ately, at a special home improvement loan rate starting at 4 per cent.

He said the fund will remain in effect until Feb. 28. Loans will run for a maximum of 60 months and will be available to qualified home owners in communities which are served by the association's eight offices.

The program, Walker explained, is in addition to the assistance offered by the federal Small Business Admin - istration which has set up temporary quarters in Glen - dora. The SBA is qualified to approve loans in amounts up to $20,000 on dwellings and $5,000 on furnishings for a maximum of 30 years at a rate of 3 per cent a year.

"The program at Pomona First Federal supplements the Small Business Administration program and primarily is for those families who want quick decisions on their loans," Walker said.

Walker said the establishment of the special disaster fund is the association's way of bringing quick relief to the communities it has served since 1892. He said the inter - est rate is nearly 2 per cent lower than the normal home improvement loan charges.

Residents of Pomona, Clare - mont, San Dimas, La Verne and Chino who need disaster funds are urged to contact Mervin L. Soden, manager of the Indian Hill Office, In - dian Hill at Holt—Telephone 623-6511.

Favorite Meat Loaf

2 pounds ground beef chuck
½ cup fine dry bread crumbs
¼ cup finely chopped onion
2 teaspoons salt
½ teaspoon pepper
1 tall can (13 fl. oz.) evaporated milk (1⅔ cups)

Mix all ingredients lightly but thoroughly. Press into a large loaf pan, or shape into a loaf in a shallow baking pan. Bake in preheated moderate oven (350 degrees) 1¼ hours. (If you like, spoon ½ cup tomato sauce, catsup or barbecue sauce over top prior to last 10 minutes of baking.) Cool loaf 5 minutes before slicing. Makes 8 servings.

Nat'l. Date Festival In Indio Starts 10-Day Run, Feb. 14-24

INDIO - Old Bagdad will make its annual trip to Southern California this week when Riverside County's National Date Festival opens a 10-day run at Indio, Friday (Feb. 14).

Queen Scheherazade, Donna Kennedy of Coachella, and nine princesses in the Queen Scheherazade Court of Beauty, will be on hand in their glamorous costumes to greet opening weekend visitors, expected to total more than 70,000 from all over Southern California. In tribute to St. Valentine's Day, Queen Scheherazade will pop through an eight-foot heart at noon to officially open the Date Festival.

First performance of "Tale of the Enchanted Treasure," Arabian Nights Pageant story for 1969, will be at 6:45 Friday evening. The free musical spectacular repeats at the same time each night and there is a second show at 8:20 on Saturday.

First three days of the Clumsy Classics racing meet promise to be exciting. The four event card of two camel races, a bareback ostrich race and an ostrich sulkie race, will have as jockeys, sweethearts, on opening day; servicemen, Saturday and; visitors from foreign countries, Sunday.

Clumsy Classics are hilarious intermission attractions of the National Horse Show which opens the California horse show circuit and is rated as one of the finest performance horse shows in America. It is a diverse show with classes ranging from such fancy show stock as Tennessee Walking Horses, Five-gaited and hackneys to the utilitarian Western work horse.

Dates, citrus and farm crops of Southern California will be shown in a 38,000 building alive with flying carpets, mystery ships, magic lamps and other things out of the Arabian Nights to add to the theme.

The popular Gem and Mineral Show, third largest in the world, will have as an added attraction raw gold formations taken from early California mines in the Mother Lode country. The exhibit is entered by Bank of America and this is the first time it has been shown outside the Mother Lode. Bank of America will also have its "History of Money" exhibit.

"Sing-Out West-End," a group of spirited teenagers proud to be Americans, will appear in a free show starting at 11 a.m., Saturday. They will be followed by the 15th Air Force Band from March Air Force Base.

Gates and buildings are open from 10 a.m. to 10 p.m. daily. The big SJM Fiesta Shows fun zone stays open until midnight.

Bonnie & Clyde In 'French'

CLAREMONT — A French "Bonnie and Clyde," said Playboy Magazine of "Une Fille et des Fusils" which will be shown at 7:30 p.m. Wednesday, Feb. in Balch Auditorium at Scripps College.

The film, which has English sub-titles, is also compared to Lelouch's prize-winning movie, "A Man and A Woman."

Sponsored by the French faculty of Scripps College, "Une Fille. ." is one of a series of French films for the 1968-69 academic year.

There is no admission charge.

Helicopter Blue Slip Held By Inland Bank

POMONA - The blue slip on Pomona's new police helicopter is being held by a private lender, Inland Bank, a Pomona Valley independent.

Papers were signed today by City Administrator Frederick W. Sharp with Bank President Wilson H. Asdel, providing for monthly payments of $1,046.72 until the cost of $56,149.30 is met by the city.

The helicopter, a Bell skid gear model 476-5, powered by a Lycoming 260 HP engine, will be used for police surveillance in which, city officials estimated, it can do work equivalent to three cars and six patrolmen.

Police Chief Ralph Parker said that from the cockpit, Pilot Charles Fitch, a 400-hour Vietnam-air combat veteran, can spot jackrabbits changing holes.

It probably could never happen, but nothing was said in the contract about how the law of fresh pursuit would be affected if the city failed to make a payment and the bank had to repossess with the 'copter hot on the trail of desperados.

They'll probably whirl across that trail when - and if - they come to it.

Astronaut Cunningham Receives Calif. Newspaper Boy Honors

Astronaut R. Walter Cunningham, a member of the three-man Apollo 7 earth orbital mission that paved the way for Apollo 8's moon mission, received a special award from the California Newspaperboy Foundation, Feb. 8.

Cunningham received the Foundation's Distinguished Service Award, "Yesterday's Newspaperboy -- Today's Leader" at the annual California Newspaper Publishers Assn. convention in San Francisco.

Cunningham, 36, of Santa Monica, was a carrier boy for the Evening Outlook for three years while he attended high school.

The Foundation each year awards its Distinguished Service Award to a former carrier boy who has distinguished himself in his vocation and thus set an example for today's carrier boys.

Among past winners are Bob Hope, Willy Mays, the late Walt Disney, Bing Crosby and former governors Edmund G. Brown and Goodwin J. Knight.

Cunningham received his award from Lt. Gov. Edwin Reinicke at the convention's awards breakfast in the Fairmount Hotel.

The astronaut is a former Rand Corp. research scientist and a reserve Marine Corp fighter pilot holding the rank of major. He was working on his doctorate in physics at UCLA when he joined the astronaut program in 1963 and lacks only his thesis to earn the degree.

On Oct. 11, 1968, he occupied the lunar module pilot seat for the triumphant 11-day flight of Apollo 7 -- the first manned flight test of the third generation United States spacecraft. Walter M. Schirra, Jr., was spacecraft commander and command module pilot was Donn F. Eisele.

The successful mission described as "perfect" by National Aeronautics and Space Administration officials, set the stage for man's first voyage to the moon -- the Apollo 8 mission over Christmas, 1968.

Cunningham is married to the former Lo Ella Irby, of Norwalk. They have two children, Brian, 9, and Kimberly, 5.

Their current residence is near the Manned Spacecraft Center in Houston, Texas.

Salmon, again?

The Atlantic salmon, whose numbers have dininished in recent years, once was so plentiful that some indentured servants in the 1700's demanded contracts specifying that they would not be forced to eat salmon more than three times a week.

CUCAMONGA FLOOD RELIEF -- Members of the Alta Loma-Cucamonga Woman's Club have contributed many hours in Sweeten Hall, scene of the flood relief station. The women have donated time, food and clothes in helping get those hard hit by the flood started on the road to recovery. Shown aiding two little victims known only as Darlen and Ray are, Mrs. Rex Fritchey, Mrs. R. H. Forney, Mrs. Marvin Wangler, Mrs. R. W. Busch and Mrs. Steve De Ambrogio.

Vocational Education Proves Worth In Chaffey District

The intellect is often stressed when talking about high schools and very little is said about some of the other courses that mean a lot to the non-academic student.

He is not a dumb student nor one who is kept at busy work, he is a person who would rather work with machines and tools, and uses his hands and mind to this end. Chaffey Union High School District, the district that includes high schools in the area and which Upland High is part, has a well planned vocational program that has been praised by businessmen and plant superintendents in the area.

The program was set up with a group of these men as advisors, to determine what their needs were. The student learns how to operate the necessary machines or learns about woods and construction so he may go right to the job.

His education does not stop after high school, but it could, and he would be fitted for a job and self support, making a real contribution to society.

ADVANCED WORK

However, most young workers go onto study advanced courses in junior college or a college such as Cal Poly. Many of these students have ingeniously hand manufactured tiny parts that make the difference between precision and production in a piece of equipment.

The outlay for such a program precludes each high school from having the extensive equipment, thus many of the students leave their area high schools for part of the day and attend classes at Chaffey.

Instructors in the program are enthusiastic and one remarked, "I have placed boys on the job that tests prove is better than some college trained ones."

Heads of the different departments at Chaffey are, Bill Shores, Welding, and Guy Shramm, graphic arts, Brancroft, Auto shop; Soran Sorenson, Machine shop, Roger Dunlap, Industrial Arts, Isaac Funk, Industrial Arts, is in charge of the whole department.

The boys select a project for themselves and proceed to work it out. He has some knowledge because he has been tinkering with things for most of his life, now he is ready to proceed to master the machine and perfect it.

The instructors all agree, the student must be dedicated to participate for it is a lot of work and often requires great patience.

OUTSTANDING

An Upland boy, Gary Alexander, 18, has made quite a name for himself in the department. When confronted with a problem on a machine, he adapted a lead screw for a grinding tool and saved the department money in the long run as well as finding satisfaction for a job well done.

Gary is a native of California and will go on to Cal Poly for advanced studies, he may teach or work on his own. He says it depends on what the future brings.

Gary is typical of the boys in the program and they are just as bright as the scholarly type. Instead of books, they find their way of life in a set of tools.

ADJUSTING MACHINE -- Gary Alexander, Upland high school Senior, adjusts machine during class in Industrial Arts at Chaffey high school. He is one of the many students who enjoys working with his hands.

He Believed In Law And Order

ON THE 12TH OF THIS MONTH we celebrate the birthday of a great American who had profound compassion for his fellow man. Lincoln's stand for human dignity, equality, and freedom of the individual has been a source of inspiration to generation after generation of Americans.

As we think of the humane causes to which Lincoln dedicated his life, we should not overlook the fact that he was also greatly concerned about the evils of crime. ". . .To the support of the Constitution and Laws," Lincoln stated, "let every American pledge his life, his property, and his sacred honor; let every man remember that to violate the law is to trample on the blood of his father, and to tear the charter of his own and his children's liberty."

By Lincoln's standards, present-day criminals are tracking blood on our sacred heritage, impeding the progress of our society, and jeopardizing our hopes for the future. While final statistics are not available, preliminary figures indicate that crime in the United States last year increased approximately 19 percent over 1967. Particularly alarming was the sharp rise in armed robbery which was well above the national average for all crimes. Along with the rising volume of violations, the annual cost of crime has soared to more than $31 billion.

In some instances, law enforcement has been sharply criticized for its handling of criminal matters. Certainly, we do not contend that enforcement officers make no mistakes and that law enforcement is above criticism. However, some critics skirt the real issues of crime to imply that the police are the major threat to public safety. This, of course, is pure nonsense.

The fear that grips the hearts of the American public today is not the fear of an officer with a badge. It is the fear of brazen criminals in our cities and communities. It is the mugger, robber, rapist, and murderer who make people afraid to walk the streets at night. And many citizens are becoming fed up with these conditions. They are calling for better protection and more policemen, and they are asking for swifter prosecution and stiffer penalties for vicious criminals. They know that crime, not law enforcement, is the enemy of a free society living under the rule of law.

Crime, regardless of its many causes, is a product of disrespect for the laws. Lincoln, as a lawyer and as President, gave high priority to "reverence for the laws." "Let it be taught," he said, "in schools, seminaries, and in colleges; let it be written in primers, spelling books, and in almanacs; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. And, in short, let it become the political religion of the Nation. . ."

Today, we can best pay tribute to Lincoln by upholding his principle--"Reverence for the laws."

Pomona Catholic Girls PTA To Hear Probation Officer

Jess Adams of the Probation Department will address the parents and their daughters at the regular general meeting of the Pomona Girls High Parents Association at 8 p.m. Monday night, February 18.

The meeting will be held at P.C.G.H.S. on Holt ave., one block east of White in Pomona and the officers promise the regular business will be very short, timewise, so the evening can be devoted to hearing Adams speak.

Following his formal talk will be questions from the floor. Currently, Mr. Adams is the Director of Camp Glen Rockey (San Dimas) and has also served as Director of Camps Afflerbaugh (La-Verne) and Oak Grove (Azusa).

All three of these camps are for juveniles.

Jess Adams is a graduate of Oregan State and has done additional graduate work at USC. He has dedicated his entire adult life to the academic studies and application of correctional philosophies to adults and juveniles who have had difficulties in conforming to our laws and society. Mr. Adams has had 22 years of experience in all depart - ments of the Probation Programs. He is married and the father of two grown daughters, also married, who have each given him a grandson. Jess Adams also spent four years in the Air Force.

The Parents Association feels that Mr. Adams extensive back - ground and experiences in dealing with our troubled youths, their personal and family problems should, they hope, encourage all parents to attend. Director Adams feels that what he will have to say will also benefit our daughers. Sister Doloria, school principal, has given permission for the students to attend as long as they are accompanied by their parent.

The officers of the Pomona Catholic Parents Association strongly urges all our parents to attend. REMEMBER THIS: All the troubled youths do not come from underpriviledged areas. Much to the surprise of all, many come from the very areas in which we now live, from good income groups and from our own schools.

Heart Month, Do Your Part

February is Heart Month. It's the one month out of the entire year that the Los Angeles County Heart Association may solicit funds from you, the public.

Your Heart Fund contributions have speeded virtually every advance in cardovascular medicine over the past two decades. For example, they have been a major force in the development of methods to control high blood pressure which can cause heart, brain and kidney damage. They have helped build safeguards against repeat heart attacks. And, it is gratifying to note that most heart attack victims now recover from initial attacks and three out of four are able to return to productive work.

Your contributions have helped progress in the treatment of heart failure and the control of rheumatic fever. They have made possible new advances in cardiovascular surgery, including human heart transplantation and in the development of plastic heart valves and synthetic arteries.

All this has been made possible because of an understanding public. You have helped the Heart Association achieve a record in the saving of lives of which we may all be proud.

But we must not rest on our laurels! Even though we are waging a winning fight against heart disease, we are just now on the threshold of even greater advances. Under these circumstances, I feel it is not overly optimistic to quote a hopeful observation by Dr. Paul Dudley White, expressed on his 80th birthday a couple of years ago.

"May you who are young," this famous cardiologist said, "see the day when all kinds of heart and blood vessel diseases will be controlled, at least in youth and middle age. I believe you will see that day."

Let me add briefly to Dr. White's hopeful words. By increasing your contributions to the Heart Association so that it may expand and strengthen its lifesaving programs, you will help significantly to speed the coming of that memorable day.

Feliciano Due Feb. 26 Melodyland

Jose Feliciano will now begin his engagement at Melodyland on Wednesday, Feb. 26, instead of Monday, Feb. 24, as originally announced.

The slight change in schedule resulted from a conflict in dates with the television taping of the guitarist - singer's first NBC special.

Persons already holding tickets for the Monday, Feb. 24, or Tuesday, Feb. 25, perfor - mances may exchange them for any of the re - maining shows: 8:30 p.m. Wednesday through Friday, 7 and 10 Saturday night and 5 and 8:30 p.m. the closing day, Sunday, March 2.

Appearing as special guest stars with Feliciano will be Julius Wechter and the Baja Marimba Band, that wacky bunch of cigar - puffing min - strels who branched off from Herb Alpert's Tijuana Brass three years ago to make record history with "Coming' In The Back Door."

Tickets for the Feb. 26-March 2 show are available now at the Melodyland boxoffice in Anaheim, by mail and at all agencies.

Ruth E. Weed Earns PFF Promotion

Ruth E. Weed, an associate of Pomona Federal Savings and Loan Association for the past thirty eight years, has been named vice-president-treasurer of the association by its directors, President Paul D. Walker announced today.

Miss Weed, prior to her promotion, served as the treasurer-assistant secretary. She has been with the financial institution since September 1930.

She is a graduate of Chaffey high school and attended Pomona Business College. She is a graduate of the American Savings and Loan Institute.
